

Put a Roof on It!

The New CoolRoof helps to protect any side discharge Ductless Mini-Split condenser from the elements.

- ◇ Reflects sunlight to keep the unit cooler and maximize efficiency
- ◇ Diverts rain and sleet away from the condenser.
- ◇ Prevents snow and ice buildup which can reduce capacity and damage the condenser.

Currently available to fit condensers up to 12,000 BTU's

- ◆ Mounts directly on to the top panel of the condenser
- ◆ Heavy Duty rotationally molded, durable, UV resistant, Polyethylene construction
- ◆ Easy to install and easy to retrofit
- ◆ Template drilling guide and Stainless Steel mounting screws included
- ◆ 2 Year limited warranty
- ◆ Economically Priced
- ◆ Weighs only 5 Lbs., UPS shippable
